

## **CT-Luso**

Ethics and Regulatory Capacity Building Partnership for Clinical  
Trials in Portuguese-speaking African Countries

WP8 - Communication, dissemination, exploitation, and community building

Deliverable 8.3 – Website Launch

## Website

CT-Luso launched its **website**, which can be accessed at [www.ct-luso.com](http://www.ct-luso.com) .

The page and its contents are available in both Portuguese and English to ensure clarity for all stakeholders and website visitors. The website is organized into 6 main sections:

### 1. Project

- 1.1. Project Summary – An overview of the project.
- 1.2. Objectives – Short, medium, and long-term goals.
- 1.3. Work Packages – Names and objectives of each work package.
- 1.4. Flowchart – Graphical representation of work packages' actions during the project (Figure 1).
- 1.5. Chronogram – Graphical representation of planned activities.
- 1.6. Stakeholders – Description of stakeholders and their contacts.
- 1.7. Organization chart – Articulation between project stakeholders (Figure 2).

Deliverable 8.3 – Website Launch

**Moçambique**

**Autoridade Nacional Reguladora de Medicamento, IP (ANARME)**

**Tânia Sitoie**

Bachelor in Pharmacy and Master in Pharmaceutical Services and Medicines Control, Postgraduate in Pharmacoepidemiology and Pharmacovigilance, and Specialist in Pharmaceutical Regulation. She served as Head of the Pharmaceutical Department at the Ministry of Health of Mozambique (2007-2011) and as Head of the Hospital Pharmacy Department at the same Ministry (2011-2015). Actual President of the National Medicines Regulatory Authority (ANARME) of Mozambique.

**Faculdade de Medicina da Universidade Eduardo Mondlane (FAMED)**

**Jahit Sacarlal**

Epidemiologist, Full Professor of Medical Microbiology and current Director of the Faculty of Medicine at Eduardo Mondlane University, and academic coordinator of the Master's Degree in Field and Laboratory Epidemiology. He has more than 23 years of experience in teaching and research related to the development of medicines and vaccines for diseases with great repercussions in Mozambique and with around 150 publications in national and international scientific journals, manuals, and other documents. He has participated in more than 100 research projects and has a total of 8.318 citations, an h-index of 44, and an I10-index of 77. As a professor, Dr. Sacarlal is involved in supervising and mentoring around 80 master's and doctoral students, some of whom are pursuing postgraduate studies outside Mozambique. He continues to be involved in developing curricula for bachelor's, master's, and doctoral levels, including with external partners. He was the first President of the Institutional Health Bioethics Committee at the Faculty of Medicine and the Maputo Central Hospital, evaluating around 500 research protocols. Since 2014, he has been President of the Mozambique Immunization Expert Committee (CoPI). Professor Sacarlal maintains strong collaborations with dozens of international institutions and has ongoing funding as a researcher from EDCTP, NIH, AIDS, the Global Fund, and other funders.
